

CORE VALUES

V. G. Shivdare College is committed to excellence. Core values are the essential enduring tenets which guide the college. We commit to our core values of:

Learning

- We believe in the interrelationship of knowledge and exemplify unwavering commitment to the quest of learning and quality scholarship.
- We value superior teaching and comprehensive mentoring to foster an environment that encourages open inquiry.

Innovation

- We honor our tradition in the arts, commerce and science and its profound relevance to society and we are eager to explore new issues and practices and integrate them into our academic vision and also encourage individual initiative, creativity and talent.

Community

- We are a community that fosters mentoring relationships and shared responsibility for learning, committed to the well-being of each member of the community.
- We respect and value the distinctive contributions of every person in the learning environment and we support the continuous personal and professional growth of community members.

Diversity

- We are an inclusive community that welcome people of diverse backgrounds, beliefs, and points of view.
- We seek to foster a supportive environment in which community members will be challenged to explore knowledge, values, and ethics from varied perspectives and recognize the value of diversity in our educational program.
- We celebrate freedom of thought and freedom of choice and respect the dignity of each individual.

Responsibility

- We recognize and believe that the well-being and governance of the community are a shared responsibility among community members which are accountable for their actions and should be held to high standards.
- We embrace our responsibility to the larger community beyond the boundaries of V. G. Shivdare College and encourage learning through service.
